A Private Retreat For Priestesses Ready To
Journey Into The Mysteries Of The Isle Of Avalon
On A Pilgrimage Of Soul Remembrance

Deep within you, the spirit of the Priestess is rising...

You know that you are a Priestess returning, having served in the Temples of the Great Goddess in previous lifetimes. Now, you are bringing this remembrance into your deep devotion and service in today's world.

As a visionary female leader in these times, you have a passion and zest for life that is unstoppable. But there are times where you desire to rest and retreat, to journey deep within to refill your cup and ask for Divine guidance for the next steps on your Priestess path.

This is my invitation to you to join me for my Avalon Priestess Immersion, here on the Isle of Avalon. I, Elsa Field, Priestess of Avalon and Sacred Singer for Goddess will lead you on a journey to unlock the secrets and mysteries of Avalon for you.

The small and magical landscape of Glastonbury in Somerset, England is the most powerful portal to Avalon on the planet. Glastonbury is known as the Heart Chakra of Gaia and for millenia, Priestesses have held the sacred energies of this creatrix vortex, midwifing souls across the veils home to the Summerland.

It is here that you can return home to the loving energies of the Lady of the Lake, Lady of Avalon. Along with the many other powerful beings who dwell in Avalon, this spirit collective will lead us on your journey of deep remembrance of the soul. It is here that you can seek guidance on the next steps on your Priestess pathway, and on how you are being called to serve in this lifetime at the highest level of your soul's brilliance.

Sister Priestess, do you feel the call?

- ☾ You desire to immerse in the mysteries of Avalon, guided by a Priestess who dwells on the Isle and lives in these magical energies every day.
- ☾ You know you are on the edge of a breakthrough in your spiritual gifts and how you use them in your sacred work in the world
- ☾ You are seeking guidance from your guides and spirit helpers, and from the Akashic record keepers, on how your soul's gifts wish to manifest in this life
- ☾ You wish to deeply rest and receive the loving energies of Goddess in Her land of Avalon

*If you feel the pull to
Avalon,
this immersion is for you...*

*I have lived full time on the Sacred Isle
for over three years and I have
discovered many secret sacred sites and
places of deep mystery here.*

While visiting the Avalon Orchard at dusk, four years ago, I received a deep soul remembrance of my own journey as a Priestess of Avalon in a previous lifetime. In this lifetime I served as a Temple singer and dancer on the Sacred Isle, as part of the community of Priestesses and Priests here.

This particular lifetime ended in tragedy, and the remembrance of this catalysed a deep healing journey for me in this life, to reclaim my own power as a Priestess of the Goddess and my sacred service as part of the vibrant, growing sisterhood of Priestesses here in Avalon.

I have completed the three spirals of the Priestess of Avalon training taught by Kathy Jones and Luna Silver and have also been in private mentorship with Sally Pullinger, deep trance medium and Priestess of Avalon.

Through these incredible experiences and many others, I have developed and honed my skills as a sacred singer and Goddess channel and visionary, and built an international following around my sacred music and devotional song.

*It is my honour to be your
guide on this journey into the
mysteries of Avalon.*
